MetalCloak's Dual Function LED Marker & Blinker Light

MetalCloak offers a simple and effective way to upgrade the marker and blinker lighting for your Tube fender system. A simple to install, 3 wire, multi-function LED, in a single housing provides both the solid marker running light and the blinking feature for the flashers. The Dual Function LED Lights come with all needed electrical connectors for installation. Light up your Jeep and give it some flash! MetalCloak, it's Your Jeep, Only Better.
