MetalCloak's LJ Wrangler Aluminum Full Corner Guards.

Specifically designed as a mounting system for our Rub Rail, 4", 6", or 8 Quick Release rear flares.

MetalCloak now offers the great protection that was once only available in steel in LIGHT WEIGHT .19 ALUMINUM! Mount your choice of rear MetalCloak flares on a light weight second skin that wraps the corner of your Jeep. The ALUMINUM corner guards integrate seamlessly with Metalcloak body armor systems and give you all the added strength but in a lighter package. When choosing your corner guard protection make it light, make it strong, make it MetalCloak; It's Your Jeep, Only Better. Information: MetalCloak, 916-631-8071, www.MetalCloak.com
