

## PRODUCT RELEASE

For Immediate Release

More Information Contact: Scott Becker, 916-631-8071

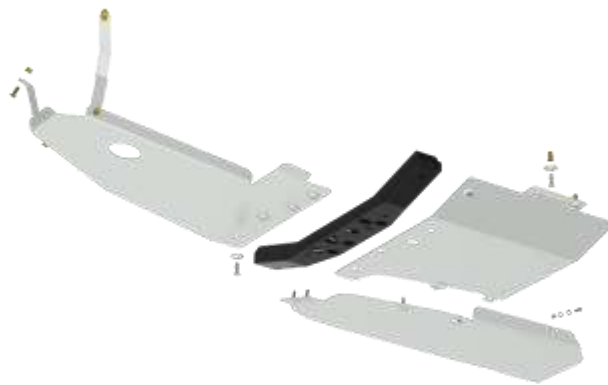

### Summary:

- Purpose: Announcement of the UnderCloak Integrated Armor System
- Products Referenced: 3365, 3366 UnderCloak Integrated Armor System

Ease of Installation: Intermediate – Bolt on  
Point of Contact: Scott Becker, Director of Marketing/Media, 916-631-8071  
Website: [www.Metalcloak.com](http://www.Metalcloak.com)  
Location: 3290 Monier Circle, Suite 100, Rancho Cordova, CA 95742  
Phone: 916-631-8071

## JK Wrangler UnderCloak Integrated Armor System

Our MetalCloak UnderCloak Integrated Armor System is an integrated system that includes a Heavy Duty replacement cross-member along with an engine, oil pan, and gas tank skid-plate system for the best protection. Laser cut and CNC formed from 3/16" clear Zinc plated steel, the Armor system has boat sided edges that enable the skids to easily slide up and off obstacles without hanging up and getting you stuck. Critical attachment bolts heads are protected by encapsulating them in skid-guard washers, we do this so the holes can be slotted for armor re-installation when undercarriage servicing is needed. Get the vulnerable underside of your jeep protected with MetalCloak; It's Your Jeep, Only Better.
