Phone: 916-631-8071

## TJ/LJ Wrangler Long Arm RE Upgrade Front Track Bar

Track bars for long arm TJ/LJ Wrangler suspensions take a beating and the weak press in style bushings many manufactures use wear out quickly. Upgrade your worn out track bar with MetalCloak's Long Arm RE Upgrade Front Track Bar equipped with the patent pending (#14/622,350) technology of the Durotrak bushing that has been specially designed for this application! MetalCloak's Durotrak bushing installs without the need for a press and the two part bushing threads together and locks into place to create the perfect solution for track bar use. Don't settle for inferior product that has a history of failure, upgrade your Jeep with MetalCloak's New Long Arm RE Upgrade Front Track Bar. MetalCloak, it's your Jeep Only Better.
