JK Bolt-On 5.5 Game-Changer suspension

The ONLY BOLT ON SYSTEM that allows for proper control arm geometry at this lift height. Front and Rear geometry correction (GC) brackets are only found at MetalCloak; These brackets are key to providing the most parallel control arms, allowing the best possible geometry and full use of both down and up travel without frame interference-period. True Dual Rate coils, front and rear Duroflex adjustable control arm replacements, DuroTrak bushing equipped track bars, 6Pak compact-long travel Shocks, adjustable bump stops, Hi-Steer kit, track bar relocation brackets, Kevlar reinforced steel brake lines, all in a bolt on application for a Game Changing suspension.

MetalCloak It's Your Jeep, Only Better.
